TRANSPARENT TAPE

BROWN TAPE

COLOUR TAPE

BOPP TAPE

- BOPP tape full form is Biaxially Oriented Polypropylene (BOPP).
- BOPP tapes are widely used for strapping and bundling, normal repairs, stationery purpose and many more.
- Excellent clarity and high gloss.
- Flawless dimensional stability and flatness.
- Wrinkle and shrink proof.
- Non-toxic and recyclable.

Description _____

Width : 12 mm to 288 mm

Thickness : 36 mic to 55 mic

Length : 30 mtr to 1000 mtr

Color : Transparent / Brown /

Red / Yellow / Black /

Green / Blue / White

PRINTED TAPE

- Most Economical carton closure system.
- Higher tensile strength than any other Tape.
- Printing of Customer's logo, adds advertising value at little cost.
- Scratch proof printing, Multicolor Printing.
- Uniform adhesion, Very long shelf life.
- Wide range of colours.
- Forms a firm bond which cannot be removed without destroying film.

Description

Width : 12 mm to 288 mm

Thickness : 36 mic to 55 mic

Length : 30 mtr to 1000 mtr

Colour : Customized Colour

STRETCH FILM

- Stretch wrap is a thin, stretchable plastic film (typically made from polyethylene) that is used to lock and secure cased goods onto a pallet.
- As the stretch film is wrapped around the pallet, tension is applied, enabling the film to extend its length by up to 300%.

Description

Width : 50 mm to 900 mm

Thickness : 25 mic & 51 mic

Colour : Transparent / Red / Yellow / Black

DOUBLE SIDED FOAM TAPE

- Various grades available for wide range of bonding applications.
- Tape with both side adhesive coating suitable for wall mount pictures, cable tie-mounts and multi-applications.
- Suitable for clean and smooth walls, ceramic tiles and wooden surfaces.
- Tailor made shapes are available.

PAPER MASKING TAPE

- Masking tape, also known as "painter's tape", it is a type of pressure-sensitive tape made of a thin and easy-to-tear paper, and an easily released pressure-sensitive adhesive.
- It is available in a variety of widths.
- Household masking tape is made of an even weaker paper and lower-grade adhesive.

Width : 12 mm to 96 mm
Length : 15 mtr to 100 mtr

VHB TAPE

- VHB stands for "Very High Bond". As the name implies, it is a double sided tape with industrial strength.
- VHB™ tapes seal, bond, and attach a wide variety of materials, including plastics, metals, and glass.
- They are used in many bonding applications, both indoor and outdoor, and are often selected as an alternative to liquid adhesives and mechanical fasteners due to their very high bond.

RED LINER POLYESTER TAPE

- Red Liner Polyester Tape Double sided adhesive tape with a transparent polyester film and an acrylic adhesive, with a red/ white polypropylene release liner.
- High adhesion for permanent mounting
Secure bond at elevated temperatures and Especially resistant to plasticisers.
- Moisture proof & Waterproof.

FLOOR MARKING TAPE

- Uniform thickness and width through out the length.
- Better performance compare to paints.
- It resists water, weather, acids, alkalies, oil, greases and gasoline.
- Free from wrinkles and Air bubbles, making it easy to apply uniformly without distortion and frayed edge.
- Various colors and sizes available.
- Special dispenser available.

HDPE TAPE

- HDPE Fabric, we offer heavy-duty and water resistant HDPE Tapes. Having features like strong adhesion and high tensile strength, our High Density Poly Ethylene Adhesive Tapes are used for packing, jointing, sealing, reinforcement, rope bundling, patching of HDPE bags / wire / cartons etc.
- Various colors are available to suit different needs of clients.

DOUBLE SIDED TISSUE TAPE

- Excellent quick double-stick. Strong adhesion, Hand tear-able. A perfect substitute to replace glue for bonding.
- Non-deteriorating. Applicable for decoration, postal service & laminating.
- Ideal for holding and joining of light weight items in office and household application.
- Various sizes and grades available.

SMALL BUBBLE ROLL

Description Small Bubble Wrap

Available Sizes mm

300, 500, 600, 750, 900,

1000, 1200, 1500, 1800 & 2200mm

Bespoke widths available on request.

MOQ apply. Bubble Size 6mm

Available Roll Lengths 100 as standard,

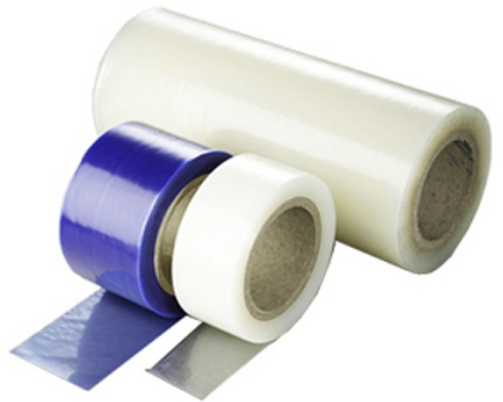

200mm to order Material Low Density Polyethylene (LDPE) Recycled Content 30%

Recyclable LDPE can be recycled.

It is the responsibility of the user to dispose of correctly. Bubble wrap for protective packaging manufactured from LDPE with 30% or more recycled content.

SURFACE PROTECTION TAPE

surface protection tape suitable to protect lacquered plates, glass, plastics and decorative laminates during mechanical processes, storage and transportation.
